ACHIEVEMENTS

Rosatom Global Hackatom Namibia 2025 – 3rd Place Winner

REFERENCE

Available upon request

Remote Technical Intern | Tayari Transitions
December 2024 – March 2025
✔ Researched & Recommended Web Builders: Evaluated and compared efficient website-building tools for scalability, performance, and ease of use.
✔ Website Design (Figma): Designed the company website prototype with a focus on UI/UX, branding consistency, and user engagement.
✔ Branding & Graphic Design: Created and refined branding assets (logos, avatars, and visual identity) to strengthen brand presence.
✔ Tech Implementation for Meetings: Integrated tools like Meet Geek to improve virtual meetings, transcription, and team collaboration.

PROJECTS

Tayari Transitions Brand Package
- Designed a **complete branding package**, including logo, color scheme, and visual identity.
- Ensured a **consistent and professional look** for the brand across digital and print platforms.

Van Rhyn Primary School - Online Registration Platform
- Built a modern registration system enabling parents to apply online with document uploads and real-time tracking. Standout features include an admin dashboard, scalable MongoDB database, Cloudinary integration, and a fast Next.js frontend deployed via Netlify. Prioritized usability, performance, concurrent registration and smooth admin control.

ARC Planners & Investments CC Brand Design
- Designed a complete brand identity package, including a modern, professional logo, multiple logo concepts, mockups, and a custom letterhead. Focused on capturing the company's values of growth, strength, and reliability through clean, minimalist design.
